

TheRecord Player 5.1

TheRecord Player™ is used either as a standalone application or in conjunction with FTR digital recording and note-taking solutions to playback, duplicate and share pre-recorded content. It is included with all FTR products and is also available as a FREE download from the FTR web site.

Most popular amongst court clerks, judges, transcribers, attorneys, law enforcement officials and anyone else wishing to playback FTR content, FTR's Windows Vista-compliant TheRecord Player includes tools and capabilities that cater to the needs of a diverse set of users. While its audio and video playback features are the most advanced available, the "tape-recorder-style" functions of TheRecord Player are intuitive and quickly understood by all.

Features of TheRecord Player include:

- 4-channel isolation
- Audio-video playback
- Save a specific range of audio/video
- Interchangeable skins for FTR Gold® or TheRecord
- Ability to dock to specific FTR applications
- Support for foot control
- Section 508 compliant

KEY FEATURES

- 4-channel isolation
- Audio-video playback
- Windows Vista® compatibility
- Individual channel volume control
- Rapid searching & loading of content

Users of TheRecord Player have complete control over the content review process. For example, users can listen to an entire proceeding or pinpoint specific segments of interest through a simple one-or-two-click process instead of the monotony of fast forwarding or rewinding cassettes. They can also increase or decrease the master volume, or the volume of individual channels, as well as turn individual channels on or off as required.

Tangible Benefits of TheRecord Player

Convenience & Flexibility

- Quick & simple installation
- Electronic playback from anywhere within the court network
- Quickly copy specific segments of a given recording, as desired
- Precise time-referencing feature eliminates inaccurate index numbers
- Instant access to specific testimony without fast-forwarding and rewinding tapes
- Interchangeable skins - use either TheRecord Player or FTR PlayerPlus style interface & controls

Ease of Use

- Supports using a foot control for hands-free navigation
- Minimal training - familiar "tape recorder" style controls
- Minimum change to established processes & procedures
- Direct access to specific audio/video without rewinding or fast forwarding

TheRecord Player 5.1

Recommended System Requirements

For audio only playback:

Windows® 2000 SP4 with Update Rollup 1**, XP Home/Professional SP2, Windows Vista® Home Basic/Home Premium/Business/Ultimate SP1 with: 1 GHz Intel® Celeron® processor
256 MB memory
800 x 600 High Color (16 bit) display
Windows® compatible stereo sound card
FTR compatible Foot Control

For audio and video playback*:

Windows® 2000 SP4 with Update Rollup 1**, XP Home/Professional SP2, Windows Vista® Home Basic/Home Premium/Business/Ultimate SP1 with: 2.4 GHz Intel® Celeron® processor
512 MB memory
800 x 600 High Color (16 bit) display
Windows® compatible stereo sound card
FTR compatible Foot Control

**TheRecord Player requires DirectX® 9 and Windows Media® Player 9 to be installed when using Windows® 2000.

*Specifications listed are for Small video (ie 320 x 240). Large video (ie 640 x 480) requires a 3.2 GHz Pentium® 4 with HT and 1024 x 768 High Color (16 bit).

Compatible with Novell® NetWare® 6.5 SP7 and Novell® Client™ 4.91 SP4 for Windows® XP/2003. Compatibility with Novell® Client™ for Windows Vista® may require custom configuration or updated software from Novell®.

NOTE: As with any software there are hardware and software requirements which need to be in place prior to installing and using FTR Gold® software. While this list shows the recommended system requirements, it is important to be aware that using additional programs may require a higher specification.

Windows® is a registered trademark of Microsoft Corporation in the United States and other countries.

How TheRecord Player helps you function more efficiently

Court Administrators

- Minimal user training required
- Simple installation & configuration
- Decrease optical media & storage costs
- Quickly & efficiently copy & distribute audio/video

Court Clerks & Electronic Court Reporters (ECR)

- Play back audio/video without interrupting recording
- Use with FTR Log Notes® (sold separately) to facilitate linked note-taking
- Access specific & relevant portions of testimony at the touch of a button

Transcriptionists

- Locate required content quickly
- Isolate channels to alleviate talk-over
- Access popular controls through Compact View
- Complete speed & individual channel volume control

Judges & Lawyers

- Instantly access any segment of testimony
- Review recorded proceedings & testimony in court or chambers

Law Enforcement Officials

- Efficiently share relevant content with other members within the department
- Easily save specific recorded portions of interviews to share with attorneys
