

RECOMMENDED SYSTEM REQUIREMENTS:

For Audio only Recording and Playback:

- Microsoft® Windows® 2000 SP4**, XP Professional SP1/SP2
- 450 MHz Intel® Pentium® II processor
- 256 MB memory
- 800x600 High color (16 bit) display
- Windows compatible stereo sound card
- CD or DVD recordable drive or network access (for archiving or long-term storage)
- FTR and Windows compatible 4-channel sound card (in addition to stereo sound card)**

For Audio and Video Recording and Playback:

- Microsoft® Windows® 2000 SP4**, XP Professional SP1/SP2
- 2.4 GHz Intel® Pentium® 4 processor with Hyper-Threading technology or 2.13 GHz Intel® Pentium® M 770 processor
- 256 MB memory
- 800x600 High color (16 bit) display
- Windows compatible stereo sound card
- CD or DVD recordable drive or network access (for archiving or long-term storage)
- FTR and Windows compatible 4-channel sound card (in addition to stereo sound card)**
- FTR and Windows compatible video capture card (refer to the FTR web site support section for a current list)

*Specifications listed are for Small video (i.e. 320x240). Large video (i.e. 640x480) requires a 3.4 GHz Pentium 4 with Hyper Threading technology, 512 MB memory and 1024x768 High Color (16 bit).

**TheRecord Player requires DirectX® 9 and Windows Media® Player 9 to be installed when using Windows 2000.

***Required for 4-channel recording only.

NOTE: As with any software there are hardware and software requirements which need to be in place prior to installing and using TheRecord software. While this list shows the recommended system requirements, it is important to be aware that using additional programs may require a higher specification.

TheRecord Reporter is a digital audio/video recording solution that's designed for courts that want to capture, play back, annotate, archive and manage proceedings of trials and hearings. TheRecord Reporter includes:

- **TheRecord Recorder™**
- **TheRecord Player™**
- **TheRecord Annotator™**
- **FTR headset**
- **Starter Package of TheRecord CD™**
- **CD/DVD safe water-based permanent marker.**

The simplicity of TheRecord Reporter makes it an ideal choice for courts of all sizes and types that need excellent audio/video recording performance and reliability. "Tape recorder-style" controls are easy to use and learn. Four-channel digital audio and video recording with individual channel isolation and volume control during play back ensures users a complete and accurate record of superior quality. Annotations create time-stamps that link directly to associated recorded audio/video. Managing records is easy because all files are automatically archived to hard drive and either network or external media. The simplicity of TheRecord Reporter makes it an ideal choice for courts that need excellent audio/video performance and reliability in a variety of environments.

Versatile Features That Help You Improve Productivity

Convenience

- Total digital audio/video recording and content management solution that includes recording, play back and annotation software, headset, CD's, marking pen and a one-year service contract*.
- No more rewinding and fast forwarding cassettes.
- Create log notes while listening to live proceedings or recorded audio/video.
- Instant access to specific portions of audio/video.
- "Confidence Monitoring" feature assures users that the record is being captured.
- Compatible with Crestron and AMX control and automation systems.

Ease of Use

- Minimal training required; can begin using immediately.
- Looks, works and acts like a tape recorder.
- Compliant with accessibility requirements for disabled users (Section 508 in USA).
- No more lost records from broken or damaged tapes.
- Powerful internal search engine instantly locates specific annotations.
- User-defined "hot keys" automate data entry.

How TheRecord Reporter Helps You Function More Efficiently

ForTheRecord®

VERSATILE!

Court Administrators

- Improve productivity without changing court procedures.
- Take advantage of reliable, secure digital storage.
- Achieve quick return on investment (ROI).

TheRecord Player

Court Clerks and Electronic Court Reporters (ECR)

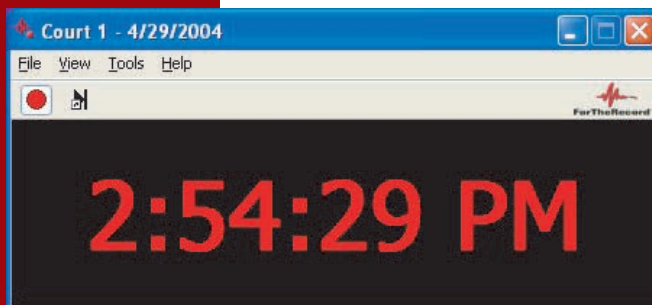

- Use "confidence monitoring" feature to ensure proper recording.
- Operate as easily as a conventional tape recorder.
- Enjoy complete control of play back volume and speed.
- Search and retrieve all log sheets and audio/video associated with a particular case at the touch of a button.

Time	Speaker	Note
9:09:30 AM		Case called
9:57:57 AM	Mr Brown	Begins submissions
9:58:58 AM	Ms White	Begins submissions
10:25:38 AM	Mr Green	Witness statement
1:54:08 PM	Mrs Black	Witness statement
2:11:01 PM		You are under oath
2:54:29 PM		Cross examination

TheRecord Annotator

Judges and Hearing Officers

- Gain immediate access to court records.
- Make personal and private notes about proceedings.
- Instantly access any segment of testimony at the push of a button.
